

Create a COOL, Colorful Collage!

Collage (noun) col · lage) pictures with pieces stuck on surface. Artistic composition made of various materials.

Steve Johnson and Lou Fancher used collage to create some of the artwork in *One Frozen Lake*. They cut and pasted flannel fabric, old newspapers, computer images and other fun materials.

Now YOU try it! Use materials found around your house AND your imagination. Here are some ideas: Cotton, newspaper, wrapping paper, sports magazines, ribbon, tinfoil and white rice. What else can you find to use?

One FROZEN Lake

Deborah Jo Larson
